

# Veberod Gem Gallery Class Notes

## Drill Your Own Agates

In this class we will discuss different ways to drill stones to turn them into pendants, charms, earrings and more. Please bring a rotary tool if you have one. All necessary bits and other tools will be available for purchase at time of class. (B)

### Supplies Required:

Stones you want to drill

Approx Supplies Cost: \$5-\$20

### Tools Required:

Flexshaft: 334218 or Dremel tool

Diamond Plated Drill Bits: 751004

Diamond Plated Points: 768029

Shallow Dish for Water

1/2" Thick Wood Block that will fit in your bowl

**A note on cost of supplies** - We prefer not offer kits for our classes. We try to encourage students to pick equipment and supplies (stones, beads etc.) based on their individual creativity. Often there are several options available and you may have some items already. If this is your first class, you are welcome to use the shop's tools so you can discover how enjoyable it can be! New students will need to share the shop tools between them. **It is important to remember to always bring your tools from home!** Also, please mark them so that they are identifiable as your own. If you have any questions regarding the cost of tools, supplies or anything else about the class, please contact us.
