Butane Fuel 314220
Dowel Assortment 335501
Soldering Tweezer 357571

Approximate Cost for Basic Tools: \$100-\$200

A note on cost of supplies - We prefer not offer kits for our classes. We try to encourage students to pick equipment and supplies (stones, beads etc.) based on their individual creativity. Often there are several options available and you may have some items already. If this is your first class, you are welcome to use the shop's tools so you can discover how enjoyable it can be! New students will need to share the shop tools between them. **It is important to remember to always bring your tools from home!** Also, please mark them so that they are identifiable as your own. If you have any questions regarding the cost of tools, supplies or anything else about the class, please contact us.
