

Veberod Gem Gallery Class Notes

Decorative Sawing

Learn how to use your jewelers saw to create beautiful, intricate patterns in sheet metal. We'll use heavy gauge sheet to make one-of-a-kind pendants in this class. This class will help you learn control over your jeweler's saw that makes almost any silversmithing project more fun!

Supplies Required:

20ga-22ga sheet, silver, copper or brass
Potential patterns to saw
Rubber cement

Tools Required:

Jeweler's saw
4/0, 6/0 or 8/0 blades
Needle files
Sandpaper, polishing paper

Basic tools and supplies required for most classes:

Jeweler's sawframe: 349704
Clamp on benchpin: 313361
Chain nose pliers: 346518 or 346160
Wire cutters: 346122 or 346209
Drill bits: 328565 or 328500
Polishing points: 310446, 310448, 311466
Center punch: 347900
Bur wax: 319928

A note on cost of supplies -

We prefer not to offer kits for our classes. We try to encourage students to pick equipment and supplies (stones, beads etc.) based on their individual creativity. Often there are several options available and you may have some items already. If this is your first class, you are welcome to use the shop's tools so you can discover how enjoyable it can be! New students will need to share the shop tools between them. **It is important to remember to always bring your tools from home!** Also, please mark them so that they are identifiable as your own. If you have any questions regarding the cost of tools, supplies or anything else about the class, please contact us.
