

# Veberod Gem Gallery Class Notes

## Reticulation

A fun class teaching the ancient art of reticulation. Learn to create unique 3D designs with lots of texture through reticulating silver sheet, then create a finished piece of jewelry. We'll talk about one-torch and two-torch techniques and you'll be able to use a dual-fuel torch in class.

### Supplies Required:

Reticulation silver: 480076

Copper sheet 20 or 22GA

Silver wire 16GA for bail

Approx Supplies Cost: \$75

Extra Fine Sharpie Marker

Approximate Cost for Basic Tools: \$215

**A note on cost of supplies** - We prefer not offer kits for our classes. We try to encourage students to pick equipment and supplies (stones, beads etc.) based on their individual creativity. Often there are several options available and you may have some items already. If this is your first class, you are welcome to use the shop's tools so you can discover how enjoyable it can be! New students will need to share the shop tools between them. **It is important to remember to always bring your tools from home!** Also, please mark them so that they are identifiable as your own. If you have any questions regarding the cost of tools, supplies or anything else about the class, please contact us.
