

# Veberod Gem Gallery Class Notes

## Woven & Riveted Silver Cuff

Few project samples have earned the attention that this one has! Learn how to make a beautiful woven cuff in this one day class. No heat required! All techniques learned in this class are “cold” techniques. We’ll cut and weave our sheet then frame it and rivet the ends on.

Parallel Jaw Pliers, Flatnose w/Teeth: 346506

Approx Tool Cost: \$65

### Tools Recommended:

Decorative Stamps

Texture Hammers

Masking Tape

### A note on cost of supplies -

We prefer not to offer kits for our classes. We try to encourage students to pick equipment and supplies (stones, beads etc.) based on their individual creativity. Often there are several options available and you may have some items already. If this is your first class, you are welcome to use the shop’s tools so you can discover how enjoyable it can be! New students will need to share the shop tools between them. **It is important to remember to always bring your tools from home!** Also, please mark them so that they are identifiable as your own. If you have any questions regarding the cost of tools, supplies or anything else about the class, please contact us.
